What to Submit for Your Review:

Work Samples

Submit three (3) examples of your best work from the last three years, showing range and variety as much as possible within the chosen medium and category. Of course, the criteria will vary according to medium and category. However, examples of what the committee is looking for include functionality, creativity, unique design, as well as artisanship in the form of smooth edges, uniform glazes and stains, seamless joints; finished edges, etc.

Describe the materials, techniques and other information you would like the standards committee to know about each item in the format below and label the piece with the corresponding number.
